

Appalachia Mission Trip

Come on a journey with us June 2010 for one week in the Appalachians. It's a trip that will change the lives of those you serve and just might change yours as well. Beautiful country,

One of the many churches

beautiful people who could use your heart as well as your hands. These are a proud people who need a hand up, not a hand out. There will be many opportunities to serve for everyone—all the way from construction projects, sports camp to vacation bible school.

The beautiful hills of Appalachia

Since we are blessed to have wonderful housing, this is a trip for all ages. Whether you are a student, a teacher, a teenager, single, married, young or not so young, a family, working or retired this may be your opportunity to go on a mission trip right here in the United States. We will be serving the people of Philippi, West Virginia and the surrounding communities as we partner with World Vision Appalachia.

Residence hall of Alderson Broaddus

World Vision has had a presence in this community for many years and is working to offer help and to educate. They have a program already in place for teams who come from all over the United States to serve. While we are there, we will have the luxury of

Main Street, Philippi, West Virginia

staying in the residence hall of Alderson Broaddus College. After the day's work is done there will be time for our own fun and fellowship including access to the indoor swimming pool and play field. What a wonderful way to help this community and to get to know one another even more.

There will be an information meeting 7:00pm October 15th at Calvary Community Church in Westlake Village, Room #2104. If you would like more information, are ready to sign up or just want an opportunity to ask questions, please come. All are welcome to attend and we encourage you to bring your friends and co-workers.
